Appendix 22-A2
Asbestos Questions (FAQ)

1. Has the PEL or Permissible Exposure Limit been exceeded on previous work? What has been the highest fibers/cm^3 yet measured?

2. Does ACCO Engineered Systems' scope of work entail disturbing asbestos?

3. Are other contractor's work disturbing asbestos?

4. If so, is it possible to schedule ACCO Engineered Systems work to avoid being in the containment when they are disturbing asbestos?

5. What control methods are being used to minimize the amount of asbestos being released?
